Dear Residents:

Hopefully you're enjoying your extra hour of sleep now that we have turned our clocks back one hour. Of course, that means it will get dark earlier which is a reminder that winter is right around the corner. The Department of Public Works is well prepared for the upcoming snow and ice season.

On October 22nd we had a great turnout for our Census 2010 Complete Count Committee Dinner. We appreciate the many volunteers in the Village who are giving of themselves to help in this important effort. Most of the federal monies received by the Village and other units of government are based on census data and that's why it's important for us to get a complete count. The census forms will be mailed out to each household in late February 2010 and should be returned by April 1, 2010. After April 1, 2010, any household that has not returned the form will receive a visit from a census taker to complete the information. For 2010, the forms are much shorter, only ten questions and by federal law census data is kept confidential for 72 years. Please encourage your friends and neighbors to fill out the forms and return them before April 1, 2010 so that Matteson receives a complete count. If you have a student away at college on April 1, 2010, he/she will be counted in the town they are residing in at school. If you have any questions about the census go to www.census.gov for further information.

On another note regarding the census, I'd like to thank Illinois Governor Pat Quinn for appointing me as his liaison for the 2010 U.S. Census for the State of Illinois. That's an honor for me, but also for the Village of Matteson. I am coordinating the state's efforts toward ensuring a complete count of all Illinoisans to ensure that Illinois receives its fair share of federal dollars. Another important function of the census data is the reapportionment of each state's representation in the U.S. House of Representatives. This is also true for how redistricting of the Illinois General Assembly is carried out. It helps determine who our State Reps and State Senators will be. As you can see, a lot is at stake with the outcome of the 2010 U.S. Census. Please be vigilant and send the form back to the Census Bureau by April 1, 2010.

On the economic development front, we are pleased to welcome Harold's Chicken to Liberty Plaza and Danspiration to Lincoln Mall. We are happy to have both these new businesses join Matteson's vibrant business community and look forward to working with them for many years. We are continuing to work with many developers and other interested parties who are looking at Matteson for locating their business. We are being proactive during this economic downturn so that when the economy does bounce back, we will be poised to accept the many positive developments that are sure to come our way. Thank you for your patience and continued support.

Congratulations are in order for Governors State University celebrating their 40th Anniversary. GSU is an integral part of our region and offers much value to the southland with its many degreed programs and other services offered to the community. Congrats to GSU!!

Please mark your calendars for November 12th for our next Town Hall Meeting. It will be held at the Village Hall from 7-9pm. Elected Officials and staff will be available to answer your questions and update you on important village happenings. Look forward to seeing you on Nov. 12th.

Thank you again for your support and the opportunity to serve as your Village President. On behalf of Toni, Andre' Jr., Taylor and myself, we wish you Godspeed.

Sincerely,

Andre B. Ashmore
Village President

Town Hall Meeting
November 12, 2009

President Ashmore would like to invite all Matteson residents to the next town hall meeting to be held Thursday, November 12, 2009 here at the Village Hall from 7:00 to 9:00 p.m. in the Community Room. Please come out and share your thoughts, concerns and opinions.

FREE ADVERTISING OPPORTUNITY

The Village of Matteson is seeking businesses to participate in the 17th Annual Matteson Holiday Festival on Friday, November 20th. Participation is free and includes the Village distributing holiday advertisements and coupons to all visitors to the fest. For more information, please contact Nancy Kolanowski by November 10th at 708-283-4776.

Speed Networking is similar to speed dating except instead of making social connections, you make business connections. After each two minute interval, attendees will move to the next attendee and continue to make connections.

Holiday Networking

The Matteson Business Association is bringing businesses together once again for an event that will minimize time while maximizing visibility and productivity at its Holiday Speed Networking Event. Speed Networking is similar to speed dating except instead of making social connections you make business connections. Based on the format of speed dating, each attendee will have one minute to network with other businesses at the event. After each two minute interval, attendees will move to the next attendee and continue to make connections.

What you need to do in advance:

- Bring at least 50 business cards to hand to other net-workers;
- Prepare a 1-minute pitch about your business and its services;
- Dress professionally, but comfortably; and
- RSVP to 708 283-4926 or **mba@villageofmatteson.org.**

Event Information:

Thursday, December 3, 2009
From 6:00 p.m. to 8:00 p.m.
Hampton Inn – Lobby
20920 Matteson Highway
Matteson, IL 60443

Join the Matteson Business Association for this event and expand your network. For more information, please contact the MBA at (708) 283-4765 or mba@villageofmatteson.org. You can also visit our website for more information and to join the Association.

GMP – Holds True to Commitment for Overseeing New Matteson Community Center While Keeping Project on Pace

When the firm of Greenwood Management Partners (GMP) was hired to oversee construction management of the new Matteson Community Center, they were on a mission and detailed specific steps to carry out that mission. Those steps were to hire a workforce that consisted of 50% of local union tradesmen, as well as give a fair share of the work to minority contractors. In the project update that was presented to the board recently, GMP has not veered one fraction off of course.

"Eighty percent of the mass grading has been completed and the major water/sewer phase of the project is underway which is a process that removes rain water (storm water) and sanitary materials." The next immediate phase will be to excavate the entire building foundation which would ensure balance to the site with a targeted completion date expected before the end of 2009.

And, although the project is on course, it certainly has not been without delays. President Ashmore was very instrumental in getting the permits released from the Metropolitan Water Reclamation District and the Illinois Environment Protection Agency after continuous delays. In addition, another staff member, Public Works Director, Bart Gilliam suggested a strategy that saved the Village thousands of dollars.

If all goes as planned, the target date for completion of the playing fields and garage building is December, 2009. The parking phase and paving is expected to be done in 2010. The projected completion date of the community center is October, 2010.

With the intended programs, amenities and services that the new Community Center will have to offer, it may be long over due, but certainly well worth the wait.

Concrete Patching Project Expected to Snarl Traffic

Delays through Matteson, Park Forest, Olympia Fields and Chicago Heights

Drivers that typically take the stretch of Lincoln Highway (U.S. Route 30) through Chicago's Suburbs from Cicero to a quarter mile east of Western should consider taking alternative routes when traveling this 3.5 mile route until December, 2009.
Concrete patching is expected to snarl traffic during rush hours for about 5 weeks. Work began October 26th.

Weather permitting, motorists should expect:

>Permanent lane closures in both directions of Lincoln Highway (U.S. 30) from Cicero Avenue (Illinois Route 50) in Matteson to a quarter mile east of Western Avenue in Chicago Heights.
>As a result of heavy congestion, travel times will increase substantially through the towns of Matteson, Park Forest, Olympia Fields and Chicago Heights.
>All work is expected to be completed by the first week in December, 2009.
>All work and related closures are weather dependent.

Don't let construction deter you from your Holiday shopping in Matteson!

Matteson's Dr. Martin Luther King, Jr. Celebration & the 28th Annual Good Neighbor Award Ceremony Sunday, January 17, 2010

The Good Neighbor Award Ceremony will be held in conjunction with our annual Dr. Martin Luther King, Jr. Celebration. What better way is there to pay tribute to our neighbors as we celebrate the life and legacy of an outstanding leader and neighbor? Join us in commemorating the life and vision of Dr. King on Sunday, January 17, 2010 at 3:00 p.m. at Believer's Church, 930 Believer's Way, Matteson.

The Good Neighbor Award is an effort to publicly acknowledge contributions to Matteson's quality of life and to give formal recognition to Matteson residents who have contributed in a special way to the betterment of the community. Promoting community pride, being sensitive to neighbors' values and cultural backgrounds and affecting the lives of people of diverse racial, ethnic, religious and/or age groups are only a few attributes of a Good Neighbor. Candidates **must** also be residents of Matteson. Submit your nomination form to Village of Matteson Community Affairs, 4900 Village Commons, Matteson, IL 60443 or email it to nkolanowski@villageofmatteson.org by Friday, December 18, 2009.

McDonald's Sponsors Matteson's U.S. CENSUS Coloring Contest

We are proud to support education and our communities.
Randy Conn, Owner/Operator
Beecher, Crete, Dyer, Highland, Hobart, Matteson, Olympia Fields, & South Holland

The Village of Matteson and the United States Census Bureau fostered pride and patriotism to participants of the Census Coloring Contest. During the month of September, the Village of Matteson held a Census-themed coloring contest on coloring sheets supplied by the Census Bureau. The U.S. Census coloring contest invited Matteson students in sixth grade and under to submit their artistic talents on coloring sheets displaying typical census related scenes and vital information about the importance of the 2010 U.S. Census. Students submitted their works of art to the Village Hall where the complete count census committee judged to elect the most creative of all submissions. A total of 9 winners received a certificate of excellence as well as a $25 gift card and a collection of McDonald's beanie babies from the Matteson McDonalds located at 4010 W. 211th Street.

Thank you Matteson McDonalds for your support and congratulations to our winners!

2010 U.S. Census Matteson Coloring Contest Winners

Erin Williams, Kindergarten
Gaby Taffe, 1st Grade
Morgan Gibson, 1st Grade
Antwon Freeman Jr, 2nd Grade
Savannah Taffe, 2nd Grade
Sierra Barlow, 2nd Grade
Kemala Barlow, 4th Grade
Maria Salcedo, 5th Grade
Sedrenya Corpuz-Davis, 6th Grade

The 2010 Census determines the distribution of $400 billon of annual government funding for critical community services. The Census data that will be collected will shape the future of the Matteson community; it determines the locations of various social services such as schools, hospitals and senior citizen centers; the location of businesses such as supermarkets and shopping centers and the boundaries of legislative districts as well as how many seats each state will have in the U.S. House of Representatives.

Matteson Continues with 2010 U.S. Census

department news

Public Works—Snow Removal Procedures

The Village of Matteson is committed to providing safe, accessible streets during inclement weather. A procedure is in place for clearing the streets of snow with the initial concentration on keeping principal routes and key intersections clear and secondly, the neighboring streets.

Salting: For optimum results, the Village salts the streets before plowing to prevent snow/ice packs from bonding on the roadways. There may be times whereby salting and plowing may need to be done at the same time, but this is more the exception than the rule.
Plowing: If there are two or more inches of snow after the salt has been applied, the Village trucks will plow on all streets. The trucks will keep the center of the streets cleared of snow until the snow storm has ended. When the storm has ended, the trucks will remove snow from the entire roadway up to the curb line. Cul-de-sacs are generally cleared when the storm has subsided, as large trucks have a hard time maneuvering through them. It has been the Village's past practice to pile the snow in the center of the cul-de-sacs. The snow is then later removed.

One thing that all residents want to do in preparation for the snow fall and removal is to make sure curbside mailboxes are in good repair. This includes both the box and the post. If it is not secure on its posts, it will likely be knocked down with the impact of the snow. It will be the homeowner's responsibility to repair or replace any curbside mailboxes that fall after being impacted by the snow.

Matteson's Parks & Recreation 2010 Preschool Curriculum Designed for Balance

Matteson's Preschool curriculum is designed as a step towards the kindergarten level encompassing a balanced program to meet the social, emotional, motor and creative abilities of children three to five years of age. Daily activities are scheduled to stimulate the child's awareness in motor, perceptual and language skill developments.

The three year old program is available for children who are at least three years old on or before January 4, 2010. For the four and five year old program, the child must have turned four years old on or before September 1, 2009 and entering kindergarten the Fall of 2010. An original birth or baptismal certificate must be shown upon registering the child for the program. Children must be potty trained. Preschool will be closed on the holidays that have been established for districts 159 and 162.

For Matteson residents only, registration for NEW children for the Winter/Spring 2010 Preschool Program began on Thursday, October 22nd. Non residents and those in un-incorporated areas of Matteson may began registering on Thursday, November 5, 2009. Registration will continue until Tuesday, January 26, 2010 at the Matteson Community Center, 4450 W. Oakwood Lane during office hours, Monday, Tuesday, Thursday and Friday from 8:30 a.m. to 4:30 p.m.; Wednesday from 8:30 a.m. to 7:00 p.m. and Saturday from 9:00 a.m. to noon.

Please call the Parks and Recreation Center if you have any questions between the business hours at 708-748-1080. You may also visit the Village web site at www.villageofmatteson.org.

Homeowner Associations - Taking Action

community news

Woodgate HOA

Most of us are too busy trying to survive and make a living to focus much attention on our Association and the Village for that matter but, I believe we have to change that mindset.

>If Woodgate residents have issues we address those issues at our Town Hall Meetings.
>There are some issues that can be addressed over the phone or in an e-mail. For example: if an unidentified car has been parked for more than 48 hours we suggest to residents to contact the police.
>The Woodgate Herald Newsletter is another source of information for residents.
>Welcome letters are sent out to all new residents that move into Woodgate.
>If a house is vacant we ask the residents to contact Building Services for safety reasons.
>We encourage all residents to participate in the Neighborhood Watch Program.
>Residents can reach me by phone at 708-296-4934 or at woodgatehomeowners@sbcglobal.net.
>We encourage residents to communicate with each other and especially your neighbor to your right and left in case of an emergency.

Ann Essex, President

Historic Old Matteson HOA

The Historic Old Matteson HOA (HOMHOA) currently have three community action projects that we would like to share with the readers of the *Matteson Avenue*:

> In late 2008, we adopted a section of Governors Highway from Lincoln Highway south to the Matteson border at 219th Street. We pick up the garbage along this stretch of road approximately six times per year.
> Also in late 2008, we began publishing a newsletter for our members. We try to include article of interest not only to Historic Old Matteson, but to the entire Village. We send the newsletter to our members, to the other homeowners' associations and to village officials.
>Our newest community action project is called "Light Up Old Matteson." We are asking all t he residents of Old Matteson to purchase a 13 Watt compact fluorescent light bulb for their front porch lights and leave them on 24/7. We believe that this will create better lighting throughout our neighborhood. We hope that other homeowners' associations will encourage their residents to do so as well.

Heidi Keenan, President

Woodgate HOA

We currently have two "ACTION" projects going in Woodgate. The first is :
>"Light up Woodgate". We want to take a proactive stand on safety so we are encouraging residents to remember to turn on their porch and coach lights throughout the community.
>Secondly, in our efforts to keep residents informed with Neighborhood Watch information and other community concerns, we started "Project E-mail" When presented during our October meeting, the idea came up to offer an "incentive" to help get the ball rolling. Residents in attendance voted and agreed that the ***member*** who collects the most E-mail addresses from friends, relatives and neighbors in Woodgate would receive a 1-yr HOA membership or a gift card at a local store. If you would like to be added to our database, please contact us at woodgateresidents@yahoo.com.

Gail Nicholson, President

business retention

Best Buy
Catering to the Needs of the Community

Jason Jordan, General Manager for Best Buy is not representing the company based on assumptions. He has incorporated a motto that most Matteson residents and others have been wanting for years. It is simply, "give the community what they want." "I pushed for it, I got it and it is exclusive to Matteson, says Jason. It's been a great experience for the customer as well as to Best Buy."

Since working at the Matteson site, Jason realized that Matteson is a very family oriented town. That was determined by looking at customer purchases thru sales receipts and doing walk thru's with the customers. They changed their merchandise to reflect the customer and as a result contracted with movie studios and production companies. In addition, we offer the Adopt a School, reward zone program. For any school that signs up, they will receive an incentive of 2% of their purchase for grades K-12. Again, based on the need, the line of merchandise has been expanded at Best Buy.

"Another thing the community wants is information, and we're here to educate as well, says Jason. That's what kept us here at 4707 Lincoln Mall Drive for 14 years." Through the Geek Squad and Business Solutions, Best Buy offer services to assist consumers with their home and office technical support.

"We take our business seriously, says Jason and its been a pleasure working with the community." Plan to stop by your local Best Buy seven days a week. You may give them a call for store hours at 708-481-9765 or visit them on the web at www.bestbuy.com.

Peachtree Café
Credits Community with Success

Peachtree Café is not unlike any business today faced with the challenges of the economy. According to Eleana, part owner of this family business, "though it's been sometimes difficult, the community deserves much of the credit in keeping our doors open with their continuous love and support. "We've been in the restaurant business for almost 40 years and we chose Matteson because of the location, community and great people. We'd love to see new faces though," she adds. "Were happy here, says Eleana. In the future, we would like to expand our services to a few days for the dinner hour as well as open another business here in town.

Open for one year in December, seven days a week this establishment has been serving up breakfast daily to long time patrons.

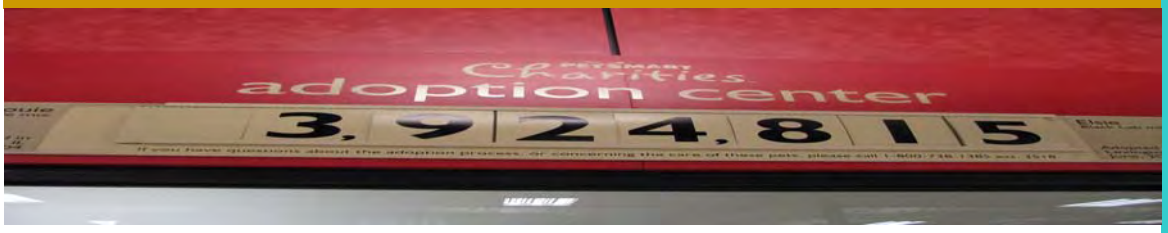
Advertising has been done mainly through word of mouth, which says a lot in keeping a staff of 15 employed.

On November 27th, the day after Thanksgiving, Peachtree will open its doors at 5:00 a.m. for an early bird special. The special will last until 11:00, but the restaurant will remain open until its regular 3:00 p.m. hour.

The next time you are in the mood for a good breakfast and want a variety of choices, stop by the Peachtree Café at 4020 West Lincoln Highway Monday thru Saturday, 6:00 a.m. to 3:00 p.m. or Sundays from 7:00 a.m. to 3:00 p.m. You may phone them at 708-747-3300. Visit them on face book at www.facebook.com/peachtreecafefanpage.

business retention

Adopt A Pet -Millions of Animals Finding Homes



Almost 4 million and still counting. That's how many pets have been adopted company wide through PetSmart's Adopt a Pet program with an average of 300 to 400 adopted from the Matteson location.

Since 2001, these pets have been provided by the Animal Welfare League, the Chicago Bully Breed Rescue, Almost Home Pets, the South Suburban Human Society and Stray's in the Garden. The majority are dogs and cats, but rabbits, guinea pigs and hamsters are sometimes available for adoption as well.

How easy is it to adopt these pets? Usually within 2 days, the process is completed, but in some cases it can be the same day.

Tim Zills, Matteson PetSmart Store Manager says that some of the older animals are even trained and vaccinated. There is an adoption fee depending on the animal and there are even specials where you can get two cats for the price of one.

Cats are available 7 days per week and dogs are available every Saturday from 11:00 a.m. to 4:00 p.m. or until they are all adopted.

If you're looking for a new best friend, come to the PetSmart Charities Holiday National Adoption Weekend, November 13th and 14th at the Matteson site, 184 Towncenter Road. There will be 30 to 60 eligible pets for adoption each day provided by at least three of the rescue shelters. This event is sponsored by PetSmart, Purina Pro-Plan and Tidy Cat. For more details on the Adopt A Pet Program or National Adoption Weekend, call your local PetSmart at 708-747-9277 or visit them on the web at www.petsmart.com.

Chuck E. Cheese

Expanding to Twice the Space for Twice the Fun

If you have lived in the area for at least 30 years and like to have fun, chances are you've visited Chuck E. Cheese located at 106 Towncenter Road in Matteson. With an expansion planned that will double in size, Chuck E. Cheese expects it to double the fun. When major remodeling is complete by the end of the first quarter of 2010, there will be an additional 98 games including the hi tech motion simulator, dance revolution along with multiply games of skill. The food menu has already been expanded to include an all you can eat salad bar, specialty pizza, buffalo wings, oven roasted sandwiches, French fries, and a variety of beverages including beer and wine.

Party packages are offered for the perfect fundraising opportunity for Church's, Schools and Organizations. You may register for coupons and extra savings on food and fun by joining the Chuck E-Club. Chuck E. Cheese is also proud to support education in the community by offering teacher resources in the form of homework helper reward calendars, school fundraising and tokens for grades. Visit them on the web at www.chuckecheese.com for more information on promotions and specials or give them a call to plan your next event at 708 747-5667.
