

Are you looking for work?

Do you reside in suburban cook county?

Have you lost your job while working in manufacturing or transportation during the recession?

The Calumet Area Industrial Commission in Partnership with Cook County Works provides free placement services with area Industry.

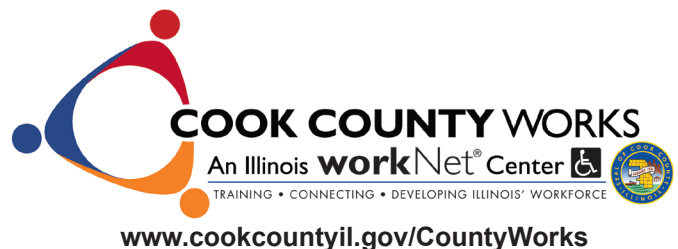

We are currently recruiting

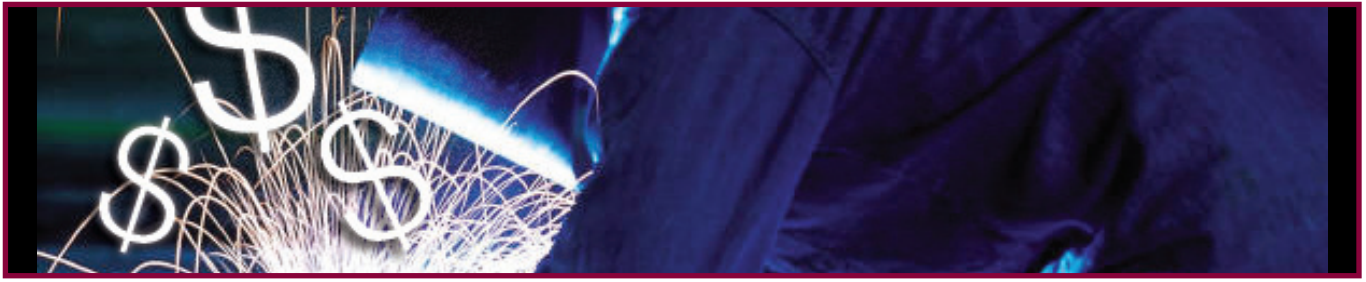

- Warehouse staff
- Industrial Electricians
- Mechanics
- Welders
- Assemblers
- Forklift Operators
- Overhead Crane Operators

We never charge a fee to the company or job applicant. We receive funding from Cook County Works to serve Suburban Cook County residents who have lost their jobs through no fault of their own.

Call today to schedule an appointment to see if you are eligible for our OJT placement services.

Employers

Do you want to get some of your hard earned tax dollars back for training new employees?

We pay you for teaching them your operations and procedures.

The Calumet Area Industrial Commission has been awarded grant dollars that are available to private sector employers that train new people on the job. Each potential new employee that is referred by us already has strong work histories.

- You can be paid 50% of the new hires wages for up to two months.
- We pre-screen potential new hires to match your specific needs.
- No obligation to hire. You make your hiring decision like you would any other new employee.
- We also may be able to pay for training new employees recruited by you and your staff.
- Call us before you start the new employee so we can determine if you can capture On The Job funding for training.

You can't go wrong by using our no cost, no fee service.
